## CONNELLSVILLE PASSES HALF MILLION MARK IN VICTORY-LIBERTY LOAN

**Workers Urged to Greater Endeavor in Stirring Talk By Rev. Glennon.**

### WARD QUOTAS ANNOUNCED

**County Headquarters Issues Caution to Subscribers Not to Pass up the Small Investor; Thompson Connellsville Company Joins \$100,000 Club.**

Connellsville passed the half-million mark in the Victory-Liberty Loan campaign today when \$50,250 was reported by the captains of the canvassing teams at the noon luncheon. The Fifth ward team, captained by C. W. Downis, came into the lead today with \$153,300. Every other captain announced increases. The number of subscriptions took a big jump also, going to 2,976 but this still does not come up to what it is thought should be the total.

After the dinner a stirring address urging the men to guard against the evils of Bolshevism, which are spreading in this country, was made by Rev. E. A. Glennon of Dawson, who served for some time as a chaplain in the United States army canteens.

"You are citizens of a country that has borne no small part in encountering a nation which since the time of Caesar himself has been a most powerful people. It remained for us Americans to help in the greatest degree to conquer it. I believe the United States of America has a God-given mission to light the torch of liberty throughout the world. I believe that in the providence of God Almighty the country has been set apart to carry this wonderful liberty and democracy to other lands. Therefore I look upon you captains and soldiers as apostles who ought to go out with hearts on fire. You are fighting too unseen, but working, nevertheless. If Americans would save the country for future generations, they must spit hard times and make an effort through the Victory-Liberty Loan."

Captain S. P. Ashe of the Seventh ward team reported the power house had been thoroughly canvassed and at 11 o'clock this morning blew the whistle signifying 100 per cent in subscribers there. One man, he said, who had refused to buy was offered the opportunity of purchasing a bond or accepting his time. He bought the bond.

J. E. Angie announced that the Fayette County Gas company of Connellsville was 100 per cent. It was also announced that the company had made a subscription of \$25,000 to the loan of which \$10,000 goes to Connellsville, \$10,000 to Uniontown and the remainder to Westmoreland county.

The noon luncheons will be discontinued until next Wednesday but the canvass for bonds will go on. On next Wednesday, Thursday and Friday the dinners will be served and it is hoped the campaign can be closed at the end of the week.

The quotas by wards and for South Connellsville and Connellsville township have been announced by the campaign committee as follows:

First, \$100,000; Second, \$80,000; Third, \$66,000; Fourth, \$20,000; Fifth, \$22,500; Sixth, \$35,000; Seventh, \$2,900; South Connellsville, \$22,000; Connellsville township No. 1, \$17,000; Connellsville township No. 2, \$20,000.

The only ward that has gone over the top is the Seventh. The team for this ward, captained by S. P. Ashe, has a total of \$5,350 subscribed. Although the team has reported a total of \$70,850 subscribed this amount has not all been turned in to the auditors and therefore the entire amount subscribed in the Seventh has not been tallied. Some of the \$70,850 will be lost to the Seventh, however, as a portion was secured from residents in other parts of the city and this will go to the territories in which the persons live, although the team gets the credit for soliciting the subscription.

The result of the audit to date, with the team not reporting yesterday, is as follows: First ward, \$35,500; Second, \$18,850; Third, \$18,450; Fourth, \$30,400; Fifth, \$30,600; Sixth, \$25,500; Seventh, \$45,350; South Connellsville, \$7,250; Connellsville township No. 1, \$4,700; Connellsville township No. 2, \$6,400; miscellaneous, which could not be assigned to any district, \$2,300.

While the county's wealthy individuals and large corporations are responding prudently and patriotically to the appeal of the Victory Loan in proportion to their resources, headquarters in Uniontown has sounded a note of warning to solicitors and loan workers generally not to lose their perspective as regards the small investor. It was pointed out that the small investor of from \$50 to \$500 had turned the tide in every previous campaign and that the weight of their numbers was largely depended upon to realize Fayette county's quota of \$6,049,550 in the Victory campaign.

Although the official figure is now only a total of \$502,250, this figure by no means represents the progress of the loan drive to date but until reports are received from the remaining 25 districts the exact standing cannot be determined. The large subscriptions of the campaign, to date, seem to be \$160,000. E. S. Mackney, practice of medicine.

### BIG GAIN SHOWN IN VICTORY LOAN AT NOON REPORTS

In the reports of the canvassing teams made today C. W. Downis' Fifth ward aggregation led with \$153,300 subscribed. S. P. Ashe's team had the greatest number of subscribers, reporting 527, one-fourth of the total announced. The results follow:

Captain	No. Subs.	Amt.
Dowans	264	\$153,300
Ashe	527	\$8,850
Campbell	301	\$3,350
Wright	224	\$7,250
Hooher	81	\$25,400
Kenney	151	\$22,100
Kraay	185	\$19,200
Brown	49	\$1,650
Crowley	90	\$1,300
Davis	89	\$1,750
B. & O.	115	\$10,000
Total	2,976	\$502,250

For the first time in the history of the Commonwealth the State of Pennsylvania will go into the United States court in an action directed against another state, and for the first time in the history of the nation two sovereign states will take like action against a third state for the same cause, which is to protect the welfare of its citizens against the action of a third state.

Governor Sproul yesterday signed a joint resolution of the Senate and House of Representatives of the State Legislature, which directs Attorney General William L. Scheffer to take legal action against the State of West Virginia to stop the enforcement of the so-called Steppe law, passed by the legislature of that state, which, effect, will shut off the gas supply of Western Pennsylvania and of Ohio.

A similar resolution has passed the legislature of Ohio, and has been signed by its governor. Proceedings will be instituted shortly, and the cases will be pressed by the respective states in the courts of the United States.

Payette county is vitally interested in the outcome of the suit to be instituted by Pennsylvania for the reason that the greater part of its gas supply comes from West Virginia. The Fayette County Gas company, which serves this territory, draws its supply from the Hope Natural Gas company, a West Virginia corporation.

Senator William E. Crow of Uniontown fathered the gas bill in the Senate and Representative R. J. Baldwin that passed by the House.

At a previous session of the West Virginia legislature, a bill was introduced known as the Steppe bill, which, on its face declared its purpose to conserve the gas of West Virginia for its own citizens, and prohibit the export of gas to other states. At the last regular session of the West Virginia legislature, this bill was re-drafted so that its purpose was not so plainly declared, but its provisions, it is said, are intended to, and will, have the same effect as the original Steppe bill. This law provides that any gas company in the state of West Virginia, having a shortage of gas for its own customers, can tap the lines of other companies to make up the deficiency, and such other companies must supply the same without reference to its consumers in other states.

The effect of this law, people connected with the gas companies say, will be to shut off entirely the supply of gas served Western Pennsylvania during the coldest weather, and millions of homes in Pennsylvania and Ohio would be without fuel, as there are so many of these houses supplied only with appliances for burning gas and they would have to be reconstructed in order to use other fuel.

Attorneys connected with the gas companies say that the Supreme court of the United States has already decided that a state cannot prohibit the export of gas into other states. In the opinion of the Supreme court, it is said, that if one state can keep its gas, another can keep its coal or timber or its iron ore and also the products of its fields.

**CROW'S BILLS APPROVED**

Four measures introduced by Fayette's Senator signed by Governor.

HARRISBURG, April 25.—Among the measures approved by Governor Sproul yesterday are four bills introduced by Senator Crow. One of these will eliminate much useless state printing by providing that the reports of departments be made only in the odd-numbered years, instead of annually as at present.

Another bill creates the bureau of statistics and information in the Department of Internal Affairs. A third creates the office of indictment and cost clerk as an assistant to the district attorney in counties having a population of 150,000 to 260,000. A fourth provides that if a candidate or political committee does not receive any contributions or make any disbursements the candidate or the treasurer of the committee shall not be required to file any account or make any affidavit.

### FRENCH NEWSPAPERS CONTINUE OPTIMISTIC

**By Associated Press**

PARIS, Thursday, April 24.—(Havas)—Premier Orlando of Italy left Paris for Rome at 8:30 o'clock tonight, accompanied by Salvator Bartolini, General Diaz and two other members of the Italian mission. He was given an ovation at the station by a crowd.

ROME, Thursday, April 24.—The decision of Premier Orlando to return to Rome from the peace conference was cheered by crowds in the streets here tonight. The people applauded whenever the name of Italy, Fiume or Orlando was mentioned by speakers. All shops were closed during the evening. Telegrams from all the large towns of Italy report great demonstrations and much excitement. There is a universal protest against Mr. Wilson's stand against Italy's claim to the Dalmatian coast.

LONDON, April 25.—The peace conference crisis continues to be the paramount topic of comment in London morning newspapers. The support they give to President Wilson and Italy's views are respectively about evenly divided, but with two or three exceptions opinions are expressed cautiously and with a manifest desire to show friendliness for both Mr. Wilson and Italy and to avoid saying anything that might hinder speedy restoration of harmony.

Four papers emphatically champion Wilson's viewpoints, although with one exception with cautious moderation. Two others, with equal moderation, sympathize with Italy's claims but clearly plead the necessity for compromise. Two others vehemently attack the president. One of these, the Post, refers to Wilson's "Wild West diplomacy" and says "Mr. Wilson's name among the Allies is like that of the rich uncle and they have accepted his manners out of respect for his means."

The Petit Parisian is particularly optimistic, saying that the extreme tension exists no longer and there are several forms of compromise possible.

A part of the French press manifests some impatience that new complications should arise at the moment when the German plenipotentiaries are about to arrive. The Echo d' Paris railroad in the rear of the station here, as a sequel to the methods employed, "all alliances may totter."

PARIS, April 25.—(Havas)—The newspapers here are unanimous in the opinion that the departure of Premier Orlando from Paris does not constitute a rupture in relations. "It is not alien," says the Petit Journal, but "a reverie."

A part of the French press manifests some impatience that new complications should arise at the moment when the German plenipotentiaries are about to arrive. The Echo d' Paris railroad in the rear of the station here, as a sequel to the methods employed, "all alliances may totter."

PARIS, April 25.—A distinctly more hopeful feeling prevailed at Italian headquarters today. No longer was there talk of a breach with the peace conference but instead it was said:

"All may be settled within a fortnight. Premier Orlando has gone to Rome to consult parliament. Thereafter we shall see."

Peace conference circles were inclined to believe today that an amicable solution of the Italian incident was in the making.

For one thing, Italy has shown her desire to maintain good relations with the Allies by the fact that the Italian delegates remaining in Paris will continue to collaborate in the work of the Inter-Allied commission not pertaining to the actual work of the peace conference. It is thought possible that Premier Orlando may call the Italian parliament together at an earlier date than May 6, as previously fixed and that he may be back in Paris for the opening of the negotiations at Versailles which will not begin before the first or second of May.

Premiers Clemenceau and Lloyd George and President Wilson, it is announced, will meet in conference at 1 o'clock this afternoon. The topics to be discussed at the meeting are not known.

The remaining members of the council of four, now that Premier Orlando has left France, did not hold a meeting during the forenoon. Acute interest attached to the afternoon session as to whether Foreign Minister Sonino of Italy will attend and continue the discussion of the Italian question. He intends to leave for Rome tomorrow. However, it is not considered likely that he will attend.

From the knowledge Americans at this time have of the merits of the controversy at the Peace Conference over the Adriatic question, and the more intimate knowledge they had throughout the war of the part played in it by Italy as a nation and by individuals of Italian descent, the sympathies of Americans are quite certain to be Italy's.

This feeling of friendliness arises from admiration for the splendid services rendered by American soldiers of Italian birth or parentage who were a part of the American Expeditionary Forces and the magnificent valor of the Italian army in driving the invading Huns in disastrous retreat from the Poave, thereby aiding so effectively to turn the tide of war in favor of the Allies. There are still other reasons for the existence of a sentiment strongly favoring Italy in the present situation without taking into account the American insistence upon "fair play" whatever may be the nature of the contest.

Italy feels, and justly so, that she is being asked to become the scapegoat of the Allied powers, "each of whom," says Dr. E. J. Dillon, the noted European journalist, has exacted or received noteworthy sacrifices of President Wilson's lofty principles to their national demands." Thus, England's naval supremacy has been acknowledged through the early surrender by President Wilson of his contention about the freedom of the seas. Even after a threatened withdrawal from the conference President Wilson joined with England in making concessions to France on the question of the amount of indemnity from Germany and acceded to France's wishes with respect to the Saar valley, both matters which had been earlier declared incompatible with some of the presumably inviolable "14 points." In comparison Italy has been granted no concessions, but instead is asked "to make painful sacrifices for the sake of Wilson's lofty principles."

Italy has asked no more than France has demanded from the beginning and which has been granted with some reluctance it is true, but granted nevertheless. Italy contends that the Dalmatian Coast and Fiume are historically, geographically, ethnically and legally as much a part of Italy as Alsace-Lorraine was historically, geographically, ethnically and legally a part of France, hence should be returned to her, not only as the restoration of stolen property, but because both France and England, her allies in the war, have given their pledge that this would be done. Moreover, Italy demands to know why "self-determination," one of the cardinal principles enumerated in the "14 points" of President Wilson, is made to apply in other cases but in the case of Fiume it is to be repudiated.

The refusal of the American, British and French delegations to admit the justice and equity of Italy's claims has been the direct cause of the first serious friction in the peace proceedings and if there be continued stubborn insistence in attitude it promises to lead to such developments as may eventuate in the failure to conclude a peace with Germany. Certa is it that Germany, keenly alive to the situation resulting from any breach in the relations between the Allies, will take every possible advantage of it, and to the eventual hurt of every nation of Europe outside of Germany and her allies.

Meantime Americans cannot divest themselves of the impression that Italy has every right to demand the same measure of consideration concession and fair play be shown her as has been shown England and France when practical territorial issues have come in conflict with the theories of a world peace pact. President Wilson did not receive the commission of the nations of Europe to formulate an inflexible basis upon which peace was to be concluded. His voluntarily professed and much heralded "14 points" have not been formally and irrevocably accepted by any of the Allies. There has been polite and good natured acquiescence in the academic principles set forth in some of the "points" but with the exception of Germany, which insists the peace treaty shall include nothing not embodied in the "14 points" none of the belligerent powers have specifically outlined a peace program in advance of the actual negotiations. With the larger experience in such matters they have left this as a development of the Peace Conference, well aware that a treaty of peace like legislation must be a work of compromise.

Having gone to Europe as the self-appointed agent for the establishment of universal and perpetual peace by a predetermined and supposedly master-

able program, President Wilson has demanded its acceptance without any amendment or modification only to make concessions to England and France in turn while denying the same privilege to Italy. This shows of inconsistency which Americans, no less than the Italians, cannot fail to note.

The shooting at the front is over but the time has not come when the disloyal inclined can shoot off their mouth in disparagement of the new world. The United States will never again go to the wars for anybody in America to be anything but pro-American on all things and at all times. That question was settled by the war just as certainly as the question of autonomy in government.

What did you do yesterday to help finish the job?

The Connellsville district may not have many \$200,000 or \$150,000 Liberty Loan subscribers but it is showing a decided improvement in the line of a high percentage of subscribers to population.

Lightning is quite as effective but quicker than the Railroad Administration in putting coal mines out of business!

The weatherman must have thought this was Christmas instead of April 23.

The non-recognition of the Monroe doctrine by Mexico will advance the United States government in the world's estimation about as far as did the pro-German sympathies during the war and its pro-German tendencies since.

There's only one more popular thing than doing a Victory-Liberty Note. That is buying two.

Nobody at home believed that President Wilson had found a secret alliance with some of the great powers but it took his official denial to convince the doubting.

## MOUNT PLEASANT DECLARIES WAR ON ALL BLACK HANDERS

**Italians Who Live by Extortion Must Leave the Place.**

### ONE CAUGHT IN THE ACT

**Louis Pasquali Is Being Held on Several Charges; Claim Is Made That Certain Cities Collected Tribute on the Installment Plan; Other News.**

Special to The Courier.

MOUNT PLEASANT, April 25.—Through the help of some of the better Italian citizens the first steps were taken yesterday to break up the rowdism that is being carried on by some of the Italian people who do not work and who live by means of extorting money from honest citizens with families and who until this step was taken were afraid to come out openly and make a statement.

Louis Pasquali went to Mrs. Tony Lombardi at the Lombardi store corner of Washington and Diamond street and demanded \$10, it is alleged. Mrs. Lombardi refused to give the money but told "Billy" Cavella who rounded up Pasquali and called on Ralph Nelson, who placed Pasquali under arrest and put him in the lock-up. James Cataucco followed after Louis Pasquali and interfered with the officer who was taking him to the lockup, and Cavella, not wishing to take any chances, with Cataucco, locked him up with Pasquali.

A hearing was given them this evening before Burgess, S. P. Stevens who held them on charges of vagrancy, resisting an officer. Their records will be looked up and possibly other charges preferred against them. These men have lived for some time, not by working but by extorting money from men it is claimed. Where a certain sum could not be obtained at one time \$5 or \$10 was collected each payday. At the hearing last evening 17 citizens who are among the better class of Italians who pay taxes and want protection, appeared and made the complaints. Burgess Stevens told the prisoners that he would break this up and if this type of men do not wish to go to work, become citizens and abide by the law that they must leave town.

The citizens present stated that they were willing to lend all the aid possible to the police officers to bring the culprits to justice.

Several good Italians, one a shoemaker and the other a coal miner, were hounded for money and frightened out of town during the past few weeks.

Old Fellow's Celebration.

Moss Rose Lodge I. O. O. F. last night held a celebration in honor of the 100th anniversary of Old Fellow's ship. Between 300 and 400 persons from Greensburg, Latrobe, Scottdale and Mount Pleasant were present. The following program was carried out:

Prayer, Rev. A. W. Barley; piano solo, Matilda Grosser; vocal duet, E. G. Weaver and William McNaughton; L. O. O. F. history, C. A. Graff; concert solo, Martha Grigor; address, "What Part the I. O. O. F. Took in the World War," Harry Brooks Scott; a returned soldier; reading, Mrs. Lester Patterson; piano solo, Miss Schrader, Greensburg; "What the I. O. O. F. Has Done to Make the World Safe for Democracy," W. O. Stillwagon; vocal solo, E. B. Aldon.

Following the program, ice cream, cake and coffee were served. The band quartet furnished several selections.

Albert Steadman Returns.

Mrs. Grant Steadman has received a telegram that her son, Albert, arrived safe in New York on Wednesday.

Missed Girl Determined.

Miss Rose Haas entertained at her country home last evening the girls who took part in St. Joseph's minstrel on Monday and Tuesday evenings. Others present were John Kelly, Harry Murtha, John Murphy, Dennis and Thomas Meagher.

Recital at Institute.

A "Pell-mell" recital was given at the Institute last evening when the following persons took part on a very interesting program that was carried out: Eloise Hafer, Margaret Corl, Lillian Gregory, Gertrude Schindel, John Hill, Wilmer Burg, Belle Levinson, Margaret Jones, Marion Fields, Paul Truel, Rebecca Marsh, Ruth Newberg, Harriet Shope, Margaret Stouffer, Kenneth Micht, William Cipriani, Joseph Novak, Verne Micht, Clark Pyle, Betty Newberg, Nabel Faets, Helen Levy, Edna Francis and Clark Pyle.

Committee Needs Information.

The committee on the sigmoid bandage to be held in Mount Pleasant would be grateful for class lists prior to 1896. The records of the school are not complete and any person who can give any information is asked to communicate with Miss Adelinde F. Ramsay of Walnut street, this place.

## MRS. SABINA SAYS CATARRH WAS THE CAUSE OF HEADACHE

Pittsburg Lady Tells How She Was Benefited by Plant Juice.

In an interview recently with a representative of Plant Juice, the new herbal stomach medicine, Mrs. Joseph Sabina, who resides at 1042 Lapin Road, Pittsburg, said:

"For many years I have suffered with stomach trouble and it became so bad that my appetite was very poor and my food fermented and formed gas and bloating. My tongue was coated and very often I had heartburn. I was compelled to live for weeks on a liquid diet."

"I was so nervous that it was almost impossible to get a good night's sleep and I was often troubled with vertigo. It was impossible to eat breakfast as I had such a bad taste in my mouth; and I was easily irritated and suffered from nervous headaches."

"My kidneys were deranged and my back constantly ached. My liver was inactive and my complexion very sallow. I was chronically constipated and was constantly taking medicine for it."

"I had suffered with catarrh and there was a whistling noise in my ears, which constantly ached."

A friend of mine recommended Plant Juice to me saying it had benefited her. I noticed almost immediate relief and now my stomach is better and my appetite has improved so much that I can eat heartily of food without distress. My liver trouble has disappeared and I am no longer constipated. I am indeed grateful to Plant Juice for what it has done for me and am glad to allow you to use my name spreading it."

Plant Juice is sold in Connellsville at Roy Hetzel's Drug Store.—Adv.

## 7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Here's What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feron, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feron tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, my drug store anywhere will return the purchase price—gladly and freely.

Bio-Feron is without doubt the grandest remedy for nervous run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth.

Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will once and for all remove the tartar of pyorrhea, and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

**A RAW, SORE THROAT**

Eases Quickly When You Apply a Little Musterole.

Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, colds, rheumatism, rheumatoid arthritis, asthma, congestion, pleurisy, rheumatism, hiccoughs, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use. 50c and 80c jars; hospital size \$2.50.

## THE SOISSON.

**THE DEATH DANCE.**—Alice Brady's latest serial picture, is being presented today. The story deals with Flora Fransworth, a dancing girl, concerning whom a wager is made by Arnold Maitland, a society man, who signs a statement, that he can win Flora in two months' time. Later he meets her and becomes honestly interested in her ambition, to become a singer, forgetting the compact as unworthy. In order that he may divorce his wife and marry Flora, whom he loves, he plans to let Cynthia secure a divorce on the grounds of desertion; and to go to Europe until it is over, taking with him Flora, who is to study under foreign masters. He is killed on the evening prior to sailing, and Flora accepts Boresky's offer to use Flora's name. Boresky's offer to use Cynthia, now tiring of Boresky, turns her attention to Philip Standish, Maitland's young partner, and together they dine at the cafe where Philip, seeing Flora, falls in love with her. Matters progress, and Philip and Flora become engaged. Cynthia is jealous of the girl who not only took her husband from her, but, dances with her former lover, who seems to be very much attracted, and finally becomes engaged to Cynthia's own latest catch and plans revenge. The picture shows Miss Brady, the versatile serial star, in a new role in which she appears to exceptional advantage. Marion Hamilton plays opposite Miss Brady. A selected comedy is also being shown.

## THE ARCADE.

**HOUDINI, THE HANDCUFF KING.**—Houdini, the world's known master-magician, appearing at Arcade theatre in the "Master Mystery," is a living legend, not only to his public but also to scientists, magicians and physiologists. He is credited with the power of muscular control, with the power derived from a secret knowledge of physical leverage, with the power of vibratory control, and with the power of dematerialization. To all of which Houdini keeps a provoking and mysterious silence. Suffice it to say, that up to the present date Houdini has escaped from paper bags, zinc-lined piano boxes, packing-vases, padded cells, straight jackets, insame cribs, willow baskets, iron cages, a United States mail pouch, with a rotating lock belonging to the government, a large football, a large derby desk with secret locks, and also a Siberian prison, van. He leaped, heavily handcuffed, in zero weather, from Belle Island bridge, in Detroit, and released himself under the icy waters. But scrap of paper is what holds the master magician to the great 26 episode Houdini serial, by Arthur E. Reeve and Charles A. Logue, which will play the Arcade today and tomorrow, and every Friday and Saturday for 16 weeks. In addition to this, the last episode of the Pathé serial, "The House of Hate," will be shown today, marking a program that he never been equalled.

## THE PARAMOUNT.

**"THE GHOST OF THE RANCHO."**—In which Bryant Washburn is seen in a splendid role, is being shown today. The picture is an adaptation from the story of Arthur Henry Goodwin and has some good comedy. Rhea Mitchell is the versatile heroine. Bryant Washburn portrays the role of Jeffrey Wall, the grandson of a millionaire. He gets in a brawl with a Mexican dancer over his partner, May Drew. A gun is drawn in the scuffle and, one of Jeffrey's friends falls unconscious to the floor. The Mexican escapes and Jeffrey pursues vowing never to return until he has avenged his friend. The picture is interesting from the beginning to the end and is one that all members of the family will enjoy. A selected comedy is included. Monday, Viola Dana, the charming Metro star, will be seen in "Satan, Jr." a big production.

## SHE'S GLAD TO TELL HER JOYOUS STORY

Mrs. C. B. W. Tallyer, No. 172-17th Street, Upper Darby Branch, Philadelphia, Pa., is glad to tell her joyous story of how she was built into a tower of strength. ## USE "TIZ" FOR SORE, TIRED, ACING FEET!

No More Puffed-up, Burning Sweaty,  
Calloused Feet or  
Corns.

Just take your shoes off and then put those weary, side-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll take another dive in that "Tiz" bath.

When your feet feel like limps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous excretions which puff up your feet and cause foot torture.

Get a 25-cent box of "Tiz" at any drug or department store—don't wait.

Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.—Adv.

Notice.

A dance will be given Monday evening, April 28, by the Sigma Theta Sigma Fraternity in Madras Hall, First street, West Side. This will be the first dance held since Lent. Kitterle's five-piece orchestra will furnish the music. Hours 8 to 12. Adv. 24-4.

## NO ACCIDENT WEEK AT DICKERSON-RUN GETS A FINE START

Hundred Per Cent Report Received  
From Vartons Farms of P. & L. E.  
Terminal First Day.

The "No Accident Week" celebration which is being held under the auspices of the Dickerson Run Terminal Safety committee of the Pittsburgh & Lake Erie railroad, opened yesterday with a 100 per cent report, no accidents occurring yesterday. Three meetings were held. The one at 11 A. M. was attended by 265 men. Safety Agent F. H. Babcock of Pittsburgh and Mr. Morris, field secretary of the National Safety Council, of Cleveland, O., and F. H. Stark were the speakers.

The speakers at the meeting held at 3:30 o'clock which was attended by 221 men, were C. J. Hartnett, road supervisor, A. F. Rushton, assistant yardmaster, Mr. Babcock and Mr. Morris.

At a meeting held last night at 11 o'clock Mr. Babcock spoke before 75 men.

The total number of attendees at all three meetings, which were presided over by F. R. Yoder, chief clerk to the yardmaster at Dickerson Run, and secretary of the Dickerson Run Terminal Safety committee, was 562.

The Dickerson Run terminal includes Connellsville, West Young, Clarissa and the Summit. The employees all pledged their support, by stating they would do all within their power to prevent any accident during the "No Accident Week" celebration.

Mr. Morris gave the assurance that so far as the National Council knows this is the first event of the kind to be held.

## WERE TO SAIL APRIL 16

Letter from Robert Keffer Indicates  
110th Was Delayed.

According to a letter from Robert J. Keffer of Company D, 110th Infantry, dated April 16, at Le Mans, France, orders were issued for the 110th Infantry to leave France on April 16. The letter, received by his daughter, Miss Helen Keffer of Van Wert, said the command was expected to arrive in America about May 1.

"I hope we do leave at the appointed time," the letter continues, "for France is not the place it is cracked up to be."

"I received a letter from you last night that was mailed on September 27. A long wait that was. I have not seen Emmett or heard from him since I came over. We have had some nice weather the past few days, something unusual for France. We are located six miles from Le Mans which is a fine place. I will close hoping to be with you soon."

**PRIVATE ROBERT SWALLOW**

REACHES NEW YORK.

Robert Swallow and his cousin Harry Britt, left yesterday afternoon for New York to see the former's brother, Private Robert Swallow, who has arrived from France and is in the Grand Pacific hospital. Private Swallow was attached to Co. G, 320th Infantry, and has been ill for the past several months, being in a base hospital in France. He is a son of Mr. and Mrs. J. L. Swallow of Gibson avenue.

The Dickerson Run terminal includes Connellsville, West Young, Clarissa and the Summit. The employees all pledged their support, by stating they would do all within their power to prevent any accident during the "No Accident Week" celebration.

## AIRPLANE IS OF LITTLE USE COMMERCIALLY

It is to the Rigid Dirigible That Experts Are Turning Attention.

## CAN CARRY LARGER LOADS

In Cargo Capacity the Limitation of the Plane Is Definitely Known; Further Development of the Dirigible May Solve the Aerial Problem.

LONDON, March 31.—(Correspondence of the Associated Press) British experts seeking to forecast the future potentialities of aircraft, seem to agree that it is to the airship of rigid construction, not to the airplane, that one must look for the maximum of commercial usefulness.

The limitations of airplanes designed on present principles are definitely known. Technically, it is an accepted fact that an airplane cannot be produced which is capable of transporting a commercially adequate load for a longer non-stop flight than 1,000 miles. For practical purposes 500 to 800 miles are regarded as the workable limits.

But the prospects of airships are much less easy to diagnose. It is recognized that rigid airships can fly for distances of 2,500 miles carrying a commercial load of approximately 15 tons and that they are enabled to undertake long flights now believed to be impossible of attainment by airplanes.

Every increase in the size of airships is accompanied by greater relative efficiency, but the medium-sized airships have greater advantages. It is said, than is generally supposed. For example, the "North Sea class" of 500-horse-power is capable of transporting a load of more than three tons, whereas the four-engined giant airplane of 1,100 horse-power is able to lift less than four tons and burns twice as much gasoline.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas-bloating, spasms, etc., are due to the action of hydrochloric acid in the stomach and not as some believe to a lack of digestive juice. The delicate stomach lining is irritated, digestion is delayed and food souring, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestives are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few tablets of baking-soda and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no souring, gas or pain. A few tablets of milk (in powder or tablet form)—never liquid or milk—is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion—Adv.

## Motor-Trucks are Part of Your Daily Life

Consider the motor-truck. It delivers your ice and coal. It brings to your door the food you eat and the clothes you wear. It carries the merchandise of city and farm.

It is an indispensable factor of commerce. It has not only supplemented transportation-by-rail, but has supplanted it in many instances. The motor-truck is a vital part of your daily existence. Give it credit.

When you consider that a vast majority of trucks are driven by Atlantic Gasoline, you will realize that Atlantic Gasoline is likewise a vital part of your daily existence. Give it credit.

Truck-users do not buy gasoline as "gasoline". They buy Power, just as coal-users buy heat-units, rather than "coal". That Power must be the most that money will buy, for hauling costs are figured in pennies.

If Atlantic Gasoline is the most economical Power obtainable for trucks and business-cars, it is certainly the most economical Power for passenger-cars.

That is as plain as two-plus-two>equals-four.

Profit by the experience of others. Any gasoline won't do any more than any size shirt or collar will do. There is just one gasoline that is best suited to your needs and purse. Its name is

## GATES HALF SOLE TIRES

## You, Too, Can Cut Your Tire Bills In Half

### What One Man Has Done for the Motorist

Charles C. Gates, of Denver, found the way to divide the load your tires have to carry. He invented the Gates Half-Sole Tire—and with this invention has greatly increased tire mileage, guaranteed puncture-proof service and cut your tire bills in half.

You now can obtain double mileage by using Gates Half-Sole Tires and the scientific principles involved in their construction. You can secure 5,000 to 15,000 additional miles of tire service and save money every mile you run—just as 400,000 other car owners, including the largest business houses in the country are doing.

You can buy Gates Half-Sole Tires at any one of a thousand authorized service stations.

Remember, they are guaranteed puncture proof—yet cost only half as much as the tires now on your car. You too want that kind

## LITTLE TALKS ON THRIFT

By S. W. STRAUSS President American Society for Thrift

Every home in America today is a citadel that never fails before the onslaughts of Bolshevism.

This is one great fundamental fact that stands out most clearly in these days of world-wide unrest when the Continent of Europe is menaced by a force which should it become dominant, would annihilate civilization.

Bolshevism is the most violent expression of discontent that the world ever has known. It is a condition of mind that recognizes neither justice nor mercy. It is a wild, stampeding physical force turned loose against everything that mankind has built through centuries of sacrifice and privation, domination, sacrifice and private accumulation.

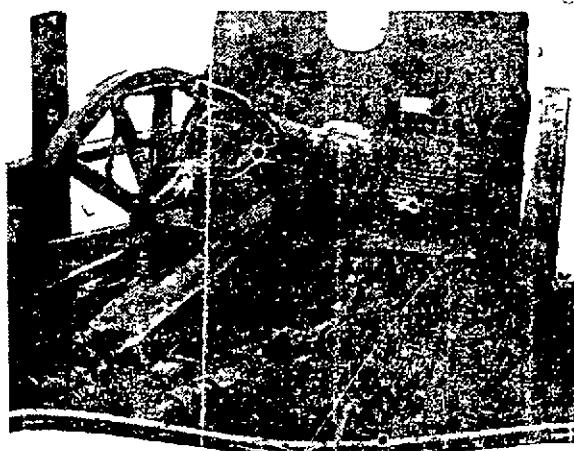

It is as terrible in its manifestations of physical strength and its complete absence of reason as the sweeping floods of Niagara.

Against these terrifying forces, America must take her stand. The high intelligence and lofty patriotism of the people of this nation would seem to be sufficient protection against the encroachments of such malevolent influences, but there are many "spies" for existence in the country.

Wherever the grain of discontent and suffering as the result of ignorance, thriftlessness or wrongdoing oppression there is danger of the propagation of virulent forms of protest against orderly social forms.

In the face of these things let us remember that men and women who are saving money, who are the owners of government securities, who possess their own homes, or who are practicing thrift in any other substance,

## Seven Huns Died Here

DISTRIBUTION was swift and sure for the gunners who manned the 7 millimeter German field pieces which is a feature on one of the war trophy trains which left Cleveland April 13 for a swing through the Fourth Federal Reserve District in behalf of the Victory Loan campaign.

When the position of this gun, shown in the accompanying picture, was taken by Canadian troops, seven German artillerymen were found dead beside it. Their blood still spatters the carriage. The barrel is mangy.

## HISTORY SHOWN BY FENCES

Various Kinds That Have Been in Use at Different Times Mark the Country's Progress.

The progress and condition of our settlements can be traced in our fences, writes Alice Morse Earle, in "Home Life in Colonial Days." As Indians disappeared or succumbed, the solid row of pales (stockade) gave place to a log fence, which served well to keep out predatory animals. The dangers from Indians or wild animals entirely disappeared, boards were still not over-plenty and the strength of the owner could not be overpassed on unnecessary fencing. Then came the double-mill fence, two rails held in place one above the other at each joining by four crossed sticks. It was a boundary and would keep in cattle. It was said that every fence should be horse-high, bull-proof and pig-tight. Then came stone walls showing a thorough clearing and taming of the land. The succeeding "half high" stone wall—a foot or two high with a single rail on top—showed that stones were not as plentiful in the fields as in early days. The "snake-fence," or "Virginia fence" so common in the southern states, utilized the second growth of forest trees. The split-rail fence, four or five rails in height, was set at intervals with posts pierced with holes to hold the ends of the rails. These were used to some extent in the East, but our western states were fenced throughout with rails split by sturdy pioneer rail splitters among them being Abraham Lincoln. Board fences showed the day of the savanna! and its plentiful supplies the wire fences of today equally prove the decrease of our forests and our wood and the growth of our mineral supplies and manufactures of metals. Thus even our fences might be called historical monuments.

An equally interesting exhibit on the train is a German Big Bertha or 210-millimeter gun with a range of 18 miles.

There is also a 180-millimeter field gun of bronze, originally made by the Russians but captured from them by the Germans and used on the western front. It was then captured by the Canadians and turned against the Huns.

## Nervousness and Headaches Caused by Acid-Stomach

There is a much closer connection between the stomach and brain than most people realize. It is because of this close connection that indigestion, belching, sour, gassy stomach and other stomach miseries—all of which are signs of acid stomach—are often followed by severe attacks of blinding, splitting headaches.

Nervousness, sleeplessness, irritability, melancholy, depression, fits, fits of the brain can also nearly always be traced to the same source—acid-stomach.

So often do people say "I am so nervous I think I'll fly to pieces," "It seems I never get a good night's sleep any more, my nerves are all on edge." Little do they dream that acid stomach is the direct cause of their trouble but very often there are no pains in the stomach at all. So you see, you can't always judge an acid-stomach condition by the way your stomach itself feels.

If you are weak, nervous, unfriendly you are not up to your old time form—if you lack your accustomed enthusiasm, energy and pep—make that test and see if it isn't acid-stomach that is holding you back—then treat yourself to EATONIC.

One big box of EATONIC—the wonderful modern medicine that so quickly puts an acid stomach to rights. It is in the form of pleasant tasting tablets that you eat like a bit of candy. EATONIC rids the stomach of excess

acid. Bring instant relief from indigestion, heartburn, sour belching, food regurgitation, wind and gas and makes the stomach cool, pure, sweet and comfortable.

Dentists warn us against the bad effects of acid mouth, pointing out that the acid eats through the enamel of the teeth, causing them to decay.

You can easily imagine then the effect of damage excess acid will cause to the delicate organism of the stomach.

The thousands of people are using EATONIC and the results obtained are so remarkable as to be almost unbelievable. Yet their letters of gratitude, many of which are received daily, prove absolutely that EATONIC does all and even more than we claim. The medical profession, too, recognizes the great value of this medicine.

A learned Michigan doctor wrote recently: "I have had such wonderful success with EATONIC that I want every one to know how quickly it will neutralize the acidity of the stomach (acid-stomach) and the stomach will soon be sweet and normal again, and the sick man well and happy once more."

It is time to get a big box of EATONIC from your druggist today.

If it fails in any way to give you the kind of satisfaction you want, take it back—he will refund your money. He doesn't want one penny of your money unless EATONIC helps you.

For you eat like a bit of candy.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the putting on of flesh, the people feel that helping arm, neck and bust and replacing ugly hollows and angles by the soft curved lines of health and beauty there are evidently thousands of men and women who readily admit that extra flesh is wanted.

These are not thoughts to be passed by with idle attention.

Five years ago who in America would dare say that the world was about to be engulfed in the greatest war of all time?

In at least two nations to-day the flag of terrorism flies triumphant.

Murder, arson and rapine have taken the place all over the world.

And still other nations are fighting a life and death struggle against these same elements.

Therefore, it becomes the duty of all patriotic citizens to give these matters the most serious attention.

Let us, however, not forget the person who practices thrift becomes a potent fighting unit against the Army of Bolshevikism.

Practice thrift yourself! Spread its teachings! Preach it everywhere!

The great war is over but humanity is still struggling within a great danger zone.

If you want to perform the finest service you can render America today, practice thrift, teach thrift and preach thrift everywhere.

## MANY FURNACES ARE IDLE IN THE VALLEY DISTRICTS

Five Out of Eleven and One-Half of Mill Capacity Not Running at Cambria Plant, Johnstown.

Twenty blast furnaces were put out of blast in the Mahoning and Shenango valleys up to last Thursday. This leaves 26 of the 46 furnaces of the two valleys on the productive list. The latest furnace to go out is the Elia at West Middlesex, Pa. The stack is a merchant furnace and has a capacity of 350 tons daily.

Stack No. 4 of the Carnegie plant at Sharon has been blown out for relining. The furnace has been in continuous operation for some time. Of the 20 furnaces down in the two valleys 11 are out of blast in the Mahoning valley and nine in the Shenango region. Decrease in the daily consumption of iron ore in the two valleys is placed at about 20,000 tons daily from the record of war times.

Only five of the 11 blast furnaces of the Cambria Steel company, Johnstown, Pa., are in operation this week.

No 2 plate mill is idle and the car shop is running less than 50 per cent of capacity. The 10, 13, 20, 22 and 24-inch mills at Gantner are working on part time but the smaller mills all are down. At the Cambria works, the rail mill is on half time, while the open hearth department is running only one-eighth of capacity. The rod and wire plant is running about 50 per cent of capacity while the axle plant is operating less than 50 per cent of capacity, and the wheel plant is on part-time schedule.

### FAYETTE NOT AMONG THEM

Main Centers Are in Eastern Part of the State, Particularly in the Lehigh and Cumberland Valleys; Public Sales Spread the Infection.

Draastic action by Secretary of Agriculture Frederick Ransdell and Commissioner C. J. Marshall will be undertaken in the next ten days to check the spread of hog cholera which has appeared in virulent form in several parts of the state and which last year caused a loss of \$655,000 to the hog raisers of Pennsylvania at the very time that there was a worldwide demand for fat and hog products. The campaign will be mainly of an educational nature and in addition to agents of the state, the cooperation of national authorities, county farm bureau men, all veterinarians, farmers, hog raisers and shippers will be utilized.

"At the outset of this year we had 1,391,000 hogs in Pennsylvania; according to national authorities; and last year we lost \$4,857 from hog cholera, according to Washington authorities. If that is so we have got to move quickly in Pennsylvania," said the secretary. "If we grant that the federal estimate is correct, that means we lost \$655,000 in a year from a preventable disease. The knowledge of how to control hog cholera is at hand. The state will be called upon to help."

If necessary State Veterinarian Marshall will establish quarantines to prevent shipments and even public sales until the disease is under control. The main centers are Cambria and Lehigh valleys, the centers where the disease is reported being Adams, Berks, Bucks, Carbon, Chester, Cumberland, Dauphin, Delaware, Franklin, Lancaster, Lebanon, Lehigh, Montgomery, Monroe, Northampton, Schuylkill and York with some in Philadelphia. The territory contains more than a third of the hogs in the whole state.

It is the opinion of men at the capital who have been studying the situation, that a good percentage of the infection comes from hogs shipped to public sales without being examined.

## THIS WOMAN FOUND HEALTH

And Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Hazlehurst, Ga.—"I have used your remedies for only ten months, and they saved me from an operation. Before taking Lydia E. Pinkham's Vegetable Compound I was so ill from a female trouble that I was forced to stay in bed for a week at a time with weakness and pain, but your medicine has given me back my health, which for me that I am recommending it to all suffering women. It certainly is a great medicine and is a sure road to health for women. You may publish this letter if you like."—Mrs. W. C. Little, R.F.D. A, Hazlehurst, Ga.
